

World Agroforestry Centre

TRANSFORMING LIVES AND LANDSCAPES

TRAINING CALENDAR 2008

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Getting started' with R ¹		To create sophisticated graphs, carry out statistical analyses, and create and run simulations. R provides a wide variety of statistical (linear and non-linear modelling, classical statistical tests, time-series analysis, classification, clustering ...) and graphical techniques, To develop methods of interactive data analysis.	1		ILRI, Nairobi-Kenya Nairobi, Kenya		20 May 11 June

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Agroforestry and Tree Genetics: Making Markers Meaningful	Participants will normally hold a M.Sc. and either have, or be undertaking research for, a Ph.D. This training workshop is a specialist event concerned with the application of molecular markers to management.	Explain the relevance of molecular markers for agroforestry. List and describe the molecular marker methods applicable for addressing specific management questions for tree genetic resources. Use best practice to collect and analyse molecular marker data. Interpret and apply molecular marker data for the practical management of agroforestry systems.	5		Nairobi, Kenya	Fully sponsored by ICRAF	29 September to 3 October
Mini training course in the economics of agroforestry in the east african highlands	MSc students involved in economic studies of agroforestry systems in ICRAF projects in the East African highlands; NARS staff and East African university partners	Review methods and objectives for economic studies of agroforestry in the East Africa highlands. Review the standard method to be used, including the rationale. Review the methods to be used and how the methods will be adapted to specific problem.	2		Nairobi, Kenya		23 to 24 June
Site level training workshop on	Farmer's Local government Development partner's	Acquire knowledge and apply on by-law reform for natural resource		East Africa	Kabale Uganda		May

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Participatory by-law reform for Natural resource management		management					
SSACP- Site selection and Baseline survey data collection Training	Innovation platform members Partners in Lake Pilot Learning site	Acquire skills in site selection and baseline survey and data collection		East Africa	Uganda, Rwanda Congo		March & June
Community wireless resource (CWRC) internet connectivity management training	AHI staff CWRC Stakeholder'(NARO, UNSSPA,	Use of wireless resource and internet connectivity	3	East Africa	Kabale Uganda		17 to 20 April
Information needs gathering/ Assessment, Training.	-Farmers -NAADS Existing structures(PCC, MC, CBF) -Kigezi private sector Promotion	Needs assessment skills		East Africa			13 March & June
Training in Information	-Farmers -NAADS Existing	Use of information, packaging and		East Africa	Kabale, Uganda		13 March & June

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
packaging and Dissemination	structures(PCC, MC, CBF) -Kigezi private sector Promotion -Development Partner's	dissemination					
Training in ICT tools (Phone, library) Management.	Farmers -NAADS Existing structures(PCC, MC, CBF) -Kigezi private sector Promotion -Development Partner's	Acquire ICT skills		East Africa	Kabale, Uganda		April
Training farmer's in sending SMS using phones, and battery Charging using cheap batteries.	Farmers -NAADS Existing structures(PCC, MC, CBF) -Kigezi private sector Promotion -Development Partner's	Acquire ICT skills		East Africa	Kabale, Uganda		April
Training of Trainers on District Integration for Natural Resource	Farmer's Local government Development partner's	Ways of integrating NRM		East Africa	Kabale, Uganda		April & December

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Management.							
SSACP- Site selection and Baseline survey data collection Training	Innovation platform members Partners in Lake Pilot Learning site	Skills in baseline survey and data collection		East Africa	Uganda, Rwanda Congo.		June
Participatory research and INRM for new staff at Areka Research station	New staff joining the team	Use of participatory research		East Africa	Soddo, Ethiopia		May
Participatory monitoring and evaluation and process documentation	R & D Partners	Skills in monitoring and evaluation		East Africa	Kutchu, Ethiopia		July
Scaling up NRM to organizational hierarchy	NARS Managers	Integrating NRM to the organisational hierarchy		East Africa	Soddo, Ethiopia		June
Train District leaders on the content, context, formulation, updating and general enforcement	All village, ward, and Division executive leaders in Lushoto	Acquire general enforcement procedures of by-laws and policies for NRM		East Africa	Lushoto, Tanzania		May

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
procedures of by-laws and policies for NRM							
Conduct technical backstopping of partners in AHI approaches in the field as a scaling out strategy	District partners in Lushoto (government and NGOs)	Conduct a technical backstopping of partners in AHI		East Africa	Lushoto, Tanzania		September
Train site team in action research, designing, analysing and interpreting data for social studies	AHI-Site team	Data management and analysis		East Africa	Lushoto, Tanzania		July
Train district partners in AHI approaches that were selected during the last three	District partners in Lushoto (government and NGOs)	To update AHI partners on the scaling out strategy		East Africa	Lushoto, Tanzania		May

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
workshops in year 2007 as a strategy for scaling out.							
Training in Participatory Action Research and facilitation	Local partners of the Landscape Mosaics project in Tanzania involved in Village Land Use Planning (district technical staff, regional agricultural research staff, NGO staff)	Introduce the participants to various methods and tools used in participatory research and planning and build their capacities in conducting participatory research and planning with local communities for improved outcomes in land use management.	4	Southern Africa	Amani, Tanga, Tanzania		14-17April
2 nd ANAFE International Symposium	Persons involved in policy making, financing, managing, or teaching at tertiary level in agriculture, forestry, or NRM. Those involved in agricultural research and industry are also invited.	Enhanced information sharing and strategies for tackling biodiversity conservation, mitigation of climate change and the global shift to bio-energy Strategies and advice for making agricultural and environmental education and research in Africa competitive Specific advice to African universities and governments on ways and means for recognizing and	5	Southern Africa	University of Malawi Lilongwe, Malawi	The registration fees per person will be (i) ANAFE member institutions + Local participants, US \$100 (ii) Non ANAFE member institutions + International participants, US \$200, and (iii) Students free.	28 August to 1 September

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
		enhancing the role of agricultural and environmental education in national development.					
Field experiment management and Data collection	Field experiment management and Data collection	Build capacity of field staff on management of experiment. Build capacity of field staff on proper recording of observation and data collection using field instruments such as Calliper	4	Southern Africa	Makoka Research Station Zomba		14 to 18 April
GIS Training	Scientist ICRAF, NARS & development partners	Build capacity of scientist in the application of GIS in research for development	5	Southern Africa	Lilongwe		12 to 17 May
Socio – economic Surveys data collection	Enumerator, government extension staff, ICRAF technicians under AFSP	Train extension workers and enumerators on interview skills on conducting socio-economic survey. To build capacity for conducting the AFSP baseline survey	4	Southern Africa	Blantyre Lilongwe, and Mzuzu		9 to 13 June
Training of Agroforestry Science to the Practitioners	Scientist and technical staff at ICRAF, NARS & development partners under AFSP	Increase knowledge and skills of professional and technical staff in science of agroforestry	2	Southern Africa	Lilongwe		17 to 19 September
Train local level trainers (TOT)	Farmer Trainers under AFSP	Train local level trainers (TOT) to accelerate farmer training and promote transformation	4	Southern Africa	Blantyre Lilongwe		18 to 22 August

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Increase capacity of project partners and farmer groups in AF	Farmers, NARES and NGO staff on ICRAF/CIAT McKnight project	Train partners on management of research activities with farmer groups. Train farmers on agroforestry practices on management of climbing beans.	4	Southern Africa	Four districts in Malawi & 4 districts in Mozambique		1 to 5 December
Mainstreaming Climate Change into Agricultural and Natural Resources Management Education	Lecturers of Universities and colleges under ANAFE	Understand the climate change challenges for agriculture in SSA. Mainstream climate change knowledge into agricultural education. Identify recommendations on effective policies institutions and capacity	3	Southern Africa	Lilongwe		28 July to 1 August
Introduction to tree domestication	NARS scientist from Nigeria	Familiarise with concept and principles of tree domestication and vegetative propagation techniques	2	West & Central Africa	Yaounde (Cameroon)	Fully sponsored by RUWDEC (NGO)	April 21 to 23 May
Tree domestication techniques	Technicians from ANAFOR	Use of participatory tree domestication in reforestation activities	4	West & Central Africa	Belo (Cameroon)	Fully sponsored by ANAFOR	April 2 to 6 June
Tree domestication techniques	Officials from ANAFOR	Use of participatory tree domestication in reforestation activities		West & Central Africa	Yaoundé (Cameroon)	Fully sponsored by ANAFOR	June
Sustainable exploitation of	Producers of Prunus africana + extension	Propagation, cultivation and sustainable harvesting of	2	West & Central Africa	Belo (Cameroon)	Fully sponsored by FAO	29 to 31 May

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Prunus africana	agents	Prunus africana					
Sustainable exploitation of Gnetum Africanum	Producers of Gnetum africanum + extension agents	Propagation, cultivation and sustainable harvesting of Gnetum Africanum	4	West & Central Africa	Bas Congo and Equator	Fully sponsored by FAO	10 to 14 April September
Farmer enterprise development for NTFPS	NFTP producers	Group dynamics and marketing strategies		West & Central Africa	Ma'an, (Cameroon)	Fully sponsored by WWF	April June
TOT Soil fertility	Extension agents + farmers	Propagation of soil fertility techniques + creation of soil fertility demonstration plots		West & Central Africa	Kumbo & Bagante, (Cameroon)	Fully sponsored by FFP06	April
TOT tree domestication + nursery establishment	Extension agents + farmers	Nurseries & trials establishment		West & Central Africa	Belo & Bagante, (Cameroon)	Fully sponsored by FFP06	April
Training of Trainers for Rubber	Farmer group representatives from West Aceh	Training and site visit to IRRI Sei Putih, Medan	2		Medan, South Sumatra, Indonesia		17 to 19 March
Tree domestication	Farmers	Vegetative propagation techniques + nursery creation		West & Central Africa	Batibo, Dschang, Foubot, Mbounda, Bafang, Benekuma, Ndu (Cameroon)	Fully sponsored by FFP06	April
Training in	Farmers	Propagation of large scale		West &	Ndop,	Fully sponsored	April

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
animal traction		farming		Central Africa	(Cameroon)	by FFP06	
Potatoes sub sector	Farmers	Develop priority agroforestry products as income generating ventures		West & Central Africa	Bamenda/Bafo ussam (Cameroon)	Fully sponsored by FFP06	July September
Cassava subsector	Farmers	Develop priority agroforestry products as income generating ventures		West & Central Africa	Mbengwi, Bafut, Ndop, Bayangam (Cameroon)	Fully sponsored by FFP06	April June
Creation of network for Kola and spices	Farmers/buyers	Promote priority agroforestry products as income generating venture		West & Central Africa	Bamenda/Bafo ussam (Cameroon)	Fully sponsored by FFP06	June
TOT for marketing of agroforestry products	Farmers	Promote priority agroforestry products as income generating venture		West & Central Africa	Bamenda/Bafo ussam (Cameroon)	Fully sponsored by FFP06	June
Tree nurseries and marketing	Farmers with tree nurseries	Transform tree nurseries into veritable income generating ventures		West & Central Africa	Belo and Bafoussam (Cameroon)	Fully sponsored by FFP06	July
Catchments protection	WMC members	Sustainable protection of water catchments		West & Central Africa	Kumbo (Cameroon)	Fully sponsored by FFP06	July
Tree domestication	Technicians	Nurseries & trials establishment		West & Central Africa	Kaolack (Senegal)	Fully sponsored by IFAD	April
Tree domestication	Technicians	Nurseries & trials establishment		West & Central Africa	Segou, Bamako, (Senegal)	Fully sponsored by IFAD	April
Domestication of Acacia senegal	Producers of Acacia Senegal + extension agents	Propagation and cultivation of Acacia senegal	4	West & Central Africa	North-Cameroon	Fully sponsored by FAO	12 to 16 May
Domestication	Producers of prunus	Propagation and cultivation		West &	Bas Congo and	Fully sponsored	August

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
of Dacryodes edulis	Africana + extension agents	of Dacryodes edulis		Central Africa	Equator (DRC)	by FAO	
Group dynamics	Champions leaders and Field staff	Facilitate community mobilisation towards biodiversity conservation	2 2	West & Central Africa	Soya, Madina Oura, Otama Kilimi Guinea Sierra Leone	\$ 2489	21 to 22 August 4 to 5 September
AF based dissemination approaches	Government and TBA staff	Develop Government staff & farmers capacity for advancing agroforestry/natural resources management and science, innovation and practice	2	West & Central Africa	Kindia, OKNP	\$ 2904	8 to 9 July
Nursery management techniques	Nursery Farmers and Field Staff	Enhance production and dissemination of high value trees		West & Central Africa	Kindia, OKNP Guinea	\$ 4148	7 to 8 October 2008
Establishment and management of AF based improved manure pits	Communities and Field staff	Train farmers on the establishment and management of improved manure pits to enhance soil fertility and as a result productivity		West & Central Africa	Soya, Madina Oura, Otama Kilimi Guinea Sierra Leone	\$ 4978	January, November
Appropriate cultivation Techniques of priority crops	Communities and Field staff	Enhance productivity, production and dissemination of agricultural innovations as NRM based incentives	6 1	West & Central Africa	Soya, Madina Oura, Otama Kilimi Guinea Sierra Leone		23 to 29 May, July, October
Socio economic surveys and	Local partners of 6 countries of the Amazon Livelihoods	Training in Socio economic surveys and livelihood assessments	5	Latin America	Tena, Ecuador	\$ 35,000	28 April to 2 May

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
livelihood assessment training (2do Taller metodológico de la red RAVA)	and Environment network (RAVA)						
Training in Agroforestry Systems	Extensionists of Amazon countries	Provide practical training in agroforestry system to extensionists in the Amazon		Latin America	Belém, Brazil	\$ 65,000	November
Tree plantations (Plantaciones Forestales)	Farmer and farmer association in Peru	Presenting impacts of ICRAF /INIA program of tree domestication		Latin America	Peru	\$ 2,500	July
Genetic improvement and tree domestication (Mejoramiento genético y domesticación forestal)	Researchers of national agricultural research centers (NARs) in Peru	Present a basic course on tree domestication based on ICRAF and INIA's experience		Latin America	Peru	\$ 2,500	August
Introduction to agroforestry (Introducción a la agroforestería)	Farmer and framers associations in Peru	Present a wide range of options of agroforestry practices based on ICRAF and INIA's experience		Latin America	Peru	2,500	September
Anthropologica	Researchers of	Summarize regulation for		Latin America	Peru	4,000	June

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
I and protection of traditional knowledge tools (Herramientas antropológicas y protección del Conocimiento tradicional)	national agricultural research centers (NARs) in Peru	use of Traditional knowledge					
Launch of the Agroforestry Toolkit (Presentación de la caja de herramientas para Agroforestería)	Trainers and researchers of national agricultural research centers (NARs) in Peru	Introduce ICRAF's methodology to undertake a training course (agroforestry toolkit)		Latin America	Peru	4,000	May
Training cum writeshop on Effective Analysis and communication of forestry and Agroforestry policies	University lectures and researchers	To strengthen the capacities of participants in teaching and conducting forestry/Agroforestry policy analysis and communications To produce policy briefs and case study materials from completed researches of the participants for teaching and policy	4 (mainly for introductory) 11 (mainly for write shop course)	South East Asia	Bangkok, Thailand		23 to 27 June 13 to 24 October

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
		advocacy					
Training on Building Training Capacity	20 lecturers from SEANAFE member institutions to consist the training teams per country network (but is also open to other interested parties)	To develop knowledge and skills of participants in organizing and managing an effective training program in their respective fields of specialization using participatory training techniques To establish SEANAFE training teams per country network	14	South East Asia	RECOFTC, Bangkok, Thailand		October
In-country Training on Agroforestry Landscape Analysis	lecturers from SEANAFE member institutions	To enhance understanding of participants on the concepts and principles of AFLA and test the case study materials produced by the SEANAFE AFLA Project teams for teaching purposes	4	South East Asia	Bogor, Indonesia		25 to 29 August
In-country Training on Agroforestry Landscape Analysis	lecturers from SEANAFE member institutions	To enhance understanding of participants on the concepts and principles of AFLA and test the case study materials produced by the SEANAFE AFLA Project teams for teaching purposes	4	South East Asia	Bolikhamsay, Laos		25 to 29 August
In-country Training on Agroforestry Landscape	lecturers from SEANAFE member institutions	To enhance understanding of participants on the concepts and principles of AFLA and test the case	4	South East Asia	Bangkok and Trat Province, Thailand		25 to 29 August

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Analysis		study materials produced by the SEANAFLA Project teams for teaching purposes					
In-country Training on Agroforestry Landscape Analysis	lecturers from SEANAFLA member institutions	To enhance understanding of participants on the concepts and principles of AFLA and test the case study materials produced by the SEANAFLA Project teams for teaching purposes	4	South East Asia	Los Baños, Laguna, Philippines		1 to 5 September
Second Regional workshop on SEANAFLA's Agroforestry Landscape Analysis Project	Synthesis of lessons learned from the country case studies; Final version of the Agroforestry Landscape Analysis curricular framework; Revised versions of the country case studies appropriate for teaching Collaborative options between SEANAFLA's AFLA project and ICRAF's TULSEA project Draft country proposals for Phase 2 implementation of the SEANAFLA AFLA	The workshop aims to present the research outputs of the country teams, convert the same into appropriate teaching materials, and finalize the curricular framework for teaching agroforestry landscape analysis	4	South East Asia	RECOFTC, Bangkok, Thailand		25 to 29 April

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
	project Draft of the in-country training design for the SEANAFE AFLA project						
National Training of Trainers on "Trees In Multi-Use Landscapes In Southeast Asia (Tul-Sea) In Philippines	NARS, local government, local NGO, or universities who can apply the training tools and possible to be the TUL-SEA site level partners, SEANAFE Universities	Rapid Hydrological Appraisal (RHA) and Rapid Carbon Stock Appraisal (RaCSA)	4	South East Asia	Central Mindanao University (CMU) or Bukidnon Provincial Office		11 to 15 February
National Training of Trainers on "Trees In Multi-Use Landscapes In Southeast Asia (Tul-Sea) in Philippines	NARS, local government, local NGO, or universities who can apply the training tools and possible to be the TUL-SEA site level partners, SEANAFE Universities	Rapid Marketing Appraisal (RMA), Rapid Agro-Biodiversity Appraisal (RABA), and Participatory landscape appraisal (PALA)	4	South East Asia	Claveria, Philippines		9 to 13 June
National Training of Trainers on "Trees In Multi-Use Landscapes In	NARS, local government, local NGO, or universities who can apply the training tools and possible to be the	Rapid Hydrological Appraisal (RHA) and Rapid Carbon Stock Appraisal (RaCSA)	6	South East Asia	Brawijaya University, Malang, East Java, Indonesia		24 to 30 March

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Southeast Asia (Tul-Sea) In Malang, East Java, Indonesia	TUL-SEA site level partners, SEANAFE Universities						
National Training of Trainers on "Trees In Multi-Use Landscapes In Southeast Asia (Tul-Sea) in Jambi, Indonesia	NARS, local government, local NGO, or universities who can apply the training tools and possible to be the TUL-SEA site level partners, SEANAFE Universities	Rapid Marketing Appraisal (RMA) and Rapid Agro-Biodiversity Appraisal (RABA)		South East Asia	Jambi, Indonesia		May
National Training of Trainers on "Trees In Multi-Use Landscapes In Southeast Asia (Tul-Sea) in Vietnam	NARS, local government, Local NGO, or universities who can apply the training tools and possible to be the TUL-SEA site level partners, SEANAFE Universities			South East Asia	Vietnam		September
ACIAR CoC Training	Farmer Group, government	Training on log documentation in relation to support forest product	2	South East Asia	Gunung Kidul, Yogyakarta		12 to 14 February

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
		legality system.					
Farmer cross visit from Nangroe Aceh Darussalam	Farmer Group, government	To enhance Farmers' motivation and knowledge concerning agroforestry farming system	4	South East Asia	Bogor		29 March to 3 April
Farmer cross visit from Nangroe Aceh Darussalam	Farmer Group, government	To enhance Farmers' motivation and knowledge concerning agroforestry farming system	4	South East Asia	Muara Bungo Jambi		13 to 17 April
ACIAR Farmer Group Discussion and Field trip	Farmer Group, government	"Improving Economic Outcomes for Smallholder Growing Teak in Agroforestry System in Indonesia	4	South East Asia	Gunung Kidul, Yogyakarta		28 November to 2 December
SANREM - Farmer Fieldtrip	Farmer Group, government	Field visit to motivate farmer in growing indigenous species of Kucai and Katuk	1	South East Asia	Ciaruten Ilir & Cinangka, Ciampea - Bogor		22 January
Walnut management training in Yangilu	300 persons	Enhance farmers capacity in walnut management	5 5 2	South East Asia	Yangilu, Baoshan, Yunnan, China	\$ 1200	10 to 15 April 20 to 25 July 10 to 12 December
Training on Agroforestry (tea) management	180 persons	Introduce the agroforest pattern for tea	4	South East Asia	Sijiaotian, Changlin County, Baoshan, Yunnan, China	\$ 400	10 to 14 November

COURSE TITLE	TARGET AUDIENCE	OBJECTIVES	DURATION (Days)	REGION	LOCATION	COSTS	DATES
Walnut management training in Sijiatian	180	Enhance farmers capacity in walnut management	5 5 2	South East Asia	Changlin County, Baoshan, Yunnan, China	\$ 1500	10 to 15 April 20 to 25 July 10 to 12 December
Training GAP in Yangilu	150	Introduce the GAP approach and toward to certification scheme	5 5 1	South East Asia	Yangilu county, Baoshan, Yunnan, China	\$ 1000	10 to 15 April 15 to 20 August 11 December
